Volunteer Fire Dept. Sponsors Home-Town Jubilee

Come one, come all! It's "Home - Town Jubilee" time, A Musical Comedy to be presented by the Volunteer Fire Department on the 14th and 15th of June at 7:04 P. M., in the Whitesburg School Auditorium.

Hoping to raise money for the local youth activity center, the firemen are going all out to make this show a success.

Laughs are guaranteed when local talent portray the parts of Bob Hope, as master of ceremonies, and Bing Crosby and Dinah Shore, who will do a couple of numbers for us and for a home town couple, married fifty years or more, who will be guests of honor.

Taking our Golden Jubilee couple down Memory Lane, we will give our version of an old-fashion proposal in comparison with a modern day one. "Ernest Farnsworth" may have more trouble proposing to "Fanny Higginbottom" than "Butch" does proposing to "Babe", but in the end they both get hooked.

Of course, no show is complete without a "Red Riding Hood" skit, but if you've never seen one done with an all-male cast, don't miss this one or our old time "Mellerdramer". The villian, "Rover A. Round" must be kissed, and we've got to help our hero "Rock and Roll" save our little heroine, "Mary Ann Repent."

We will have a day of school, only instead of grammar school, we will have "glamour" school. For once the children may come to school as some one they would like to be, instead of carrying books, and learning to read, "rite, and "rithmetic. They won't hardly recognize the teacher, because even she shall be different by coming as a princess.

A tribute to churches will be given by a local clergyman, and a hymn or hymns will be sung by the choir, which proves to be very moving.

Everyone loves a baby contest except perhaps the babies. However, it will be open to all children, six years or younger. Voting jars will be placed around town in various stores. A penny a vote will be all it costs, so be sure and vote for your favorite. Information concerning where you may vote and pictures of the contestants will be placed in Dawahare's Window this afternoon. If you have a child or know of a child you would like to enter, call Mrs. Herb Smith, 2200, Mrs. (Continued on back page)

Tourist Influx Expected To Set New State Record

Frankfort, Ky. — The greatest tourist wave in history will hit Kentucky this year if the tremendous number of requests for travel date and information received since January 1 by the Division of Publicity is competent evidence, G. M. Pedley, director, said this week.

Each year vacationers are showing more and more interest in Kentucky's many and varied attractions, Pedley said. The horse farms, Mammoth Cave, State parks, My Old Kentucky Home, Churchill Downs, the Capitol, the Gold Depository at Fort Knox, Cumberland Falls, as well as fishing and boating are popular with Kentucky's visitors, he said.

"During the February-March-April period, the Division of Publicity received an average of 1,357 inquiries a day through the mails. The peak day, was Monday, March 5, when 4,772 pieces of mail came to the Division offices," he said.

Much of the mail is in response to advertising done by the Division of Publicity in 33 specially-selected metropolitan newspapers throughout the Nation. The Division also conducts advertising campaigns in magazines such as Holiday, National Geographic and Sports Afield, Pedley said.

Local Jaycees Sponsor All Star Game

Don Mills of Berea led a second-half spark to lead the East All-Stars to a 97-90 overtime victory over the West prep graduates here Tuesday night.

Mills, who toted off scoring honors with 34 points, helped push the East into an 80-80 tie late in the game and aided his mates into an 84-84 deadlock as regulation-time expired. He zipped through four straight points in the overtime period, snared off three important rebounds, and the East never looked back.

King Kelly Coleman, who set an all-time record at Wayland High, was a star for the East, too. He played terrific ball in the first half and finished second to Mills with 24 points.

Corky Withrow, of Central City led the losers with 19.

The East eked out a 17-16 lead at the first whistlestop, but the West proved best in the second-stanza test and outpointed John Bill Trivette's Easterners, 21-19, to hold a 37-36 advantage as the teams departed for the dressing rooms.

Then Mills and Coleman went to work as they led a third-quarter spurt which all but sent T. L. Plain's charges down the drain. However, in the fourth frame, the West caught fire again and moved in front by four with only 1-2 minutes showing on the clock. With the East trailing, 80-76, Bobby Shepherd of the State champion Carr Creek Indians, and Mills sank a pair of fielders to tie it and the team traded baskets as time expired.

Mills, who played his usual cool game, fired in a spinner and a short shot to give the East an 88-84 working edge and it was Katy-bar-the-door for the Plainmen the rest of the night.

Withrow, in addition to leading the West with 19 points, looked exceptionally good on the boards as did Jimmy Mitchell of Valley and Bobby Newman of Greenville for the West.

The teams will collide again Thursday night as Paintsville.

Cooking Unnecessary in New Jam Recipe

Strawberry jam in January, with the delightful flavor of fresh berries in June, has at long last become possible. The surprising secret lies in not cooking the jam. Instead, the crushed berries, sugar and powdered pectin in water are combined and allowed to jelly; then the jam is sealed and frozen.

This unusual jam has the flavor and color of fresh fruit plus an attractive jellied texture that makes it spread well. It will keep in the refrigerator for a few months, or in the home freezer for as long as a year. To enjoy the jam at its best, it should be eaten promptly after the jar is opened.

If the jam is too firm when the jar is opened, stirring will soften it. If it tends to separate, stirring will blend it again.

As in making cooked strawberry jam sound, ripe fruit should be used. To wash the berries, place a few at a time in a pan of water, then carefully lift them out and remove the stems.

This recipe comes from home economists at the U. S. Department of Agriculture. Add 5 cups of sugar to 3 cups of crushed berries. Mix well, and allow to stand 20 minutes with occasional stirring. Dissolve 1 package of powdered pectin in 1 cup of water, bring to a boil and boil 1 minute. Add this liquid to the berry mixture and stir 2 minutes.

Ladle jam into jelly glasses, filling to within 1/2 inch of the top. Cover and let stand until jellied, 24 to 48 hours if necessary. Seal with hot paraffin and cover with metal lid. Put in refrigerator or home freezer at once. Makes 9 six-ounce glasses.

Raspberries or blackberries may be substituted for the strawberries, using the same amounts. Peeled crushed peaches also may be used, about 2 1/2 pounds being necessary.
