THE WAR FUND Lexington, Oct. 31.—Kentucky is trailing Iowa, Minnesota, Louisiana and South Carolina in the National War Fund campaign with but \$1,100,905, or 78.3 per cent of its \$1,406,000 State goal subscribed, John C. Nichols, treasurer, has announced.

With Armistice Day set for the final reports, Kentucky at present has twenty-four counties over the top, eleven from 80 to 100 per cent, twenty-five from 60 to 80 per cent, sixteen from 40 to 60 per cent, twenty-two up to 40 per cent, and twenty-five counties just getting their campaign under way, Mr. Nichols said.

The indications are that Kentucky will take its place in the roll of honor and will meet its National War Fund obligations, Mr. Nichols declared, stressing the urgency of clearing the way for the sixth War Loan drive which will take place in November. He pointed out that money is needed for emergency measures of the National War Fund. Relief for Philippine war victims will move in the wake of the military liberation of islands with the U. S. Army, the Philippine Government and Philippine War Relief coordinating their programs for maximum results, Mr. Nichols said. A clothing project is now under way that is expected to make 450,000 garments available for early distribution in the Philippines. Philippine War Relief is organizing other relief work to supplement the emergency military program.

Backing up the men who are delivering the supplies for General MacArthur's invasion of the Philippines, he said, the USS Klang, a 1,450 ton floating club for merchant seamen, is being operated by the United Seamen's Service. These are types of emergency service which the National War Fund is equipped to provide and toward which some of the contributions made to the Kentucky War Fund will go forward, the treasurer said, urging all counties to complete their drives speedily and to reach their assigned quotas.

A LITTLE GIRL'S THOUGHTS

At night before I go to sleep I always ask the Lord to keep My Brothers safe from any harm Till they come back to me and Mom. And then I ask for him to be Always there inside of me So I can learn more every day To take Brothers place while they're away. It's hard when you are only ten To know the things to say and when The postman comes, to hold on tight And hope that everything's all right. But it's my job to carry thru, The way my brothers would want me to, And when they're home with us, Well then, I'll be a little sister again. To My Brothers, Pfc. Fred Caudill, Pfc. Hobert Caudill —by— —Lena Faye Ingram, Banks, Ky.
