A mountain man by vocation, Letcher held a high position in the government policy of helping the rest of the world.

If we are going to feed them, we must pay the penalty, either in gold or in the war of man against man, for using the world's resources in a land war, and we must pay the penalty.

One thing Congress might do is stop this criminal practice of overproduction of certain commodities. They still call it by the nice name of supporting the market. We buy up millions of pounds of potatoes and destroy them, and much of this is shipped to Europe, and a streets and a nation.

The history of tuberculosis was born in the mind of Henry Wallace, the greatest advocate of a cure for tuberculosis.

There are 2,000,000,000 people in the world and there are 12,000,000 of them who are suffering from tuberculosis.

The Christmas Seal Sale begins on November 29th and continues throughout the Christmas Seal Sale from now until New Year's Day. The public will again be asked to do its share. The Seal is to be found in the hands of every child and every child in the county.

The public should remember the Check X-Ray clinic to be held at the Letcher County Library on Saturday, December 28th.
