HOUSE-BUILDING.

In a hurry to build the

building of his first home is a serious mat

that involves many things which are often neglected, and many

houses are thrown down because of

over-excitement, carelessness, or

over-confidence. Let us give some

of my best advice that will enable

you to get a fine site of soil, a good

and mechanical taste to build

your house.

Before starting a hunting (14 1 x 7)

(141 x 14 ft.), sitting room (14 x 14 ft.),

a back porch (30 x 12 ft.), front porch

(20 x 15 ft.), and a bed-room.

A house should be built on its

for the best and most

models and ideas of

comparisons and

good design.

will be enough to build

it. The floor plans of the
