

Chapter 6 TYPES OF CONSTRUCTION 65

Section	Page	Section	Page
601.0	General	604.0	Type 3 construction
602.0	Construction classification	605.0	Type 4 construction
603.0	Types 1 and 2 construction.	606.0	Type 5 construction

Chapter 7 FIRERESISTANT MATERIALS AND CONSTRUCTION 69

701.0	General	713.0	Floor/ceiling and roof/ceiling assemblies. . .
702.0	Definitions	714.0	Roof construction.
703.0	Construction documents.	715.0	Fireresistance rating of structural members
704.0	Fire tests	716.0	Fire door assemblies
705.0	Exterior walls	717.0	Fire dampers
706.0	Exterior opening protectives.	718.0	Fire windows and shutters.
707.0	Fire walls and party walls	719.0	Wired glass
708.0	Fire wall openings.	720.0	Firestopping and draftstopping
709.0	Fire separation assemblies	721.0	Fireresistive requirements for plaster
710.0	Vertical shafts	722.0	Thermal- and sound-insulating materials.
711.0	Fire partitions		
712.0	Smoke barriers		

Chapter 8 INTERIOR FINISHES 85

801.0	General	805.0	Floor finish
802.0	Definitions	806.0	Combustible materials permitted in floors of Types 1 and 2 construction
803.0	Interior finish and trim	807.0	Interior hangings and decorations
804.0	Application of interior finish.		

Chapter 9 FIRE PROTECTION SYSTEMS 89

901.0	General	913.0	Wet-chemical range hood extinguishing systems
902.0	Definitions	914.0	Standpipe systems
903.0	Construction documents.	915.0	Fire department connections
904.0	Fire suppression systems.	916.0	Yard hydrants.
905.0	Suppression system agent compatibility	917.0	Fire protective signaling systems
906.0	Fire sprinkler system	918.0	Automatic fire detection systems.
907.0	Limited area sprinkler systems.	919.0	Single- and multiple-station smoke detectors
908.0	Water-spray fixed systems	920.0	Fire extinguishers
909.0	Carbon dioxide extinguishing systems.	921.0	Smoke control systems
910.0	Dry-chemical extinguishing systems	922.0	Smoke and heat vents.
911.0	Foam-extinguishing systems	923.0	Supervision
912.0	Halogenated extinguishing systems.		

Chapter 10 MEANS OF EGRESS 105

1001.0	General	1015.0	Smokeproof enclosures.
1002.0	Definitions	1016.0	Ramps
1003.0	Construction documents.	1017.0	Means of egress doorways
1004.0	Use group and occupancy requirements	1018.0	Revolving doors.
1005.0	General limitations	1019.0	Horizontal exits
1006.0	Types and location of means of egress	1020.0	Level of exit discharge passageways used as an exit element.
1007.0	Accessible means of egress.	1021.0	Guards
1008.0	Occupant load.	1022.0	Handrails
1009.0	Capacity of egress components.	1023.0	Exit signs and lights.
1010.0	Number of exits.	1024.0	Means of egress lighting
1011.0	Exit access passageways and corridors	1025.0	Fire escapes
1012.0	Assembly aisles and aisle accessways	1026.0	Slidescapes
1013.0	Grandstands.	1027.0	Access to roof
1014.0	Stairways	1028.0	Maintenance of exits
