SILVER TO WIN.

Senator Harris Says It Will Control Platform and Candidate. Washington, D. C., April 10.—Senator Harris, in discussing the free silver movement said: "The committee of which I am Chairman is in receipt of abundant information from the various States to justify my assertion at this time that the free coinage people will enter the Chicago Convention with a pronounced majority, such a majority as will dictate terms from the start. These terms will be unchangeable. They will be free coinage of silver at the ratio of 16 to 1, and the candidate must stand squarely upon the platform. There will be no surrender. As master of the field, we shall write the platform and name the candidate."

The State Fish Law

Be it enacted by the General Assembly of the Commonwealth of Kentucky: § 1. That it shall be unlawful for any person or persons to catch or destroy fish in any of the running waters, lakes or ponds, other than private ponds, of this State, by means of a seine, other than a dip net, drag or trap, except streams forming the boundary line between this and other States. Any one thus offending shall, on conviction, be fined in a sum not less than twenty-five dollars nor more than fifty dollars for each offense and cost of prosecution. § 2. That any person or persons who shall place or cause to be placed, in any of the running waters designated in section one, any drug, injurious substance, medicated bait, or any dynamite or other explosive agent, with intent to injure, poison or catch fish, shall be guilty of a misdemeanor, and, on conviction thereof, shall be fined not less than fifty dollars nor more than one hundred dollars for each offense, and cost of prosecution. § 3. That sixty per centum of all the fines collected for violations of the provisions of this act shall be paid in to the treasury of the county in which such fines are imposed, the remaining forty per centum to be paid to the civil officers securing the apprehension and conviction. § 4. That acts or parts of acts heretofore passed, in conflict with this act, are hereby repealed. § 8. Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists. If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
