NO. 31

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

ANOTHER MANUFACTORY. A Chair Factory to be Established Here.

Frankfort is to have another chair manufactory which will use only free labor, and will furnish employment to quite a number of hands. Messrs. Chamberlain, Hays and Gray, who have until recently been connected with the chair factory in the prison, have made arrangements to lease a portion of the buildings at Messrs. Choate & Graham's planing mill and hoghead factory, where they will establish a plant for the manufacture of the higher grades of chairs, for which there is always a good demand. Mr. Hays left Wednesday for Grand Rapids, Michigan, to make arrangements to dispose of the output of the factory and Mr. Chamberlain leaves next week for Chicago and the east to place a portion of the output and purchase machinery, and as soon as the latter arrives the factory will commence operations.

The gentlemen who will establish the factory have had many years experience in the business, will put in a first-class plant and produce goods of which any city will be proud. They had a flattering offer to go to Evansville, Indiana, but preferred to remain here, where timber can be had in large quantities and at such a low figure that chairs can be manufactured at much less cost than in northern cities, which will enable them to put their product on the market in competition with the old established factories and make a good profit.

The projectors of the new enterprise should receive every encouragement from the city, for the establishment of the factory here at this time will prove a blessing in the way of furnishing employment to some of our idle citizens and bring into our midst skilled mechanics. There is no doubt about the factory being a success from the start, if push and energy count for anything, as all of the gentlemen interested are built on those lines, and will hustle from the jump.

Court Day.

An unusually large crowd was in town Monday and the street hawkers and patent medicine men did a lively business. Only a few horses were shown but a good deal of stock was offered. Diamond Bentley, the Silver Tongued Blue Grass Auctioneer, reports the following sales: 10 long yearling steers at \$19.25 per head; 6 milk cows at \$18, \$20, \$21.75, \$25.25, \$30.25 and \$32.60; 4 mules from \$40 to \$85; 8 horses from \$40 to \$75.50. Diamond promises to bring that celebrated

poem down with him next court day.

W. H. Posey, Master Commissioner of the Circuit Court, made the following sales viz:

The Frankfort Brewery property was bid in by Mr. John W. Rodman, for the Farmers Bank, which we learn made the purchase for an Ohio party. The Parker property on Arlington Heights was bid in by John W. Rodman, for the Farmer's Bank and the Safety Vault and Trust Company, the price for all was \$2,930.

The property of Lucinda Hansbrough in Bellepoint was purchased by L. B. Marshall for \$400.

The property of Hiram Smoot, in the country, was purchased by the Louisville Safety Vault Co. for \$180.

Leg Broken.

Mr. Jacob Ahler was driving the delivery wagon for Messrs. Sower & Ahler Thursday morning, and in turning the corner of High and Clinton streets one of the spindles of the wagon broke, letting that side of the vehicle drop on the street. Mr. Ahler was thrown out and dragged some distance, his left leg being broken in two places between the knee and ankle, the bone of one fracture protruding from the flesh. Mr. Ahler was taken to the confectionery of Messrs. Sower & Ahler where he received medical attention and was afterward removed to his home, where he is now lying in a critical condition.

Cheap Power.

Now that we have an electric railroad, the city is being canvassed by Mr. L. A. Farnsworth, representing the Jenny Electric Motor Company, of Indianapolis, for the purpose of introducing electric motors into manufacturing establishments—the electricity to be furnished by the railroad company at a low rate. The motors are small, occupying very little room, and will reduce the cost of power very materially, besides requiring no engineer or fireman and have no machinery to get out of order.

Bought His Home.

Mr. H. F. Duncan has purchased from Miss Maggie Russell the residence on Steele street which he has been occupying for several years, for four thousand five hundred dollars, and is repairing and improving same.

It's a Mistake

To neglect caring for a cough or cold. Every time you cough you increase the trouble and soon an inflammation is started that in a short time is difficult to control. Dr. Hale's Household Cough Cure has such a magic effect upon a cough, allaying all irritation so quickly, that every person in the land should always have a bottle of this wonderful medicine on hand to begin taking at once upon the first appearance of a cold. It costs only 25c and 50c a bottle at P. H. CARPENTER'S drug store.

Country Residence Burned.

The country house known as the Dr. Dickerson place, on the Lawrenceburg pike just opposite the "Spout Spring," belonging to the estate of the late Gen. Scott Brown, was destroyed by fire on Monday. It was occupied at the time by Mr. Church Vaughan, who lost nearly all his furniture. There was no insurance upon either house or contents and the loss is about four thousand dollars. The fire started in the roof and is supposed to have been caused by a defective flue. The neighbors gathered in quickly and worked hard to save the contents, but the flames spread so rapidly that they were unable to get into several rooms at all.

Nominated for Surveyor.

Mr. J. Monte Tharp, formerly of this city, has been nominated as a Democratic candidate for County Surveyor of Oldham county.

Nervous Prostration.

A large manufacturer, whose affairs were very much embarrassed, and who was overworked and broken down with nervous exhaustion, went to a celebrated specialist. He was told that the only thing needed was to be relieved of care and worry, and have a change of thought. This doctor was more considerate of his patient's health than of his financial circumstances. He ought to have advised him to use Dr. Miles' Restorative Nervine, the best remedy for nervous prostration, sleeplessness, dizziness, headache, ill effects of spirits, tobacco, coffee, opium, &c. Thousands testify to cures. Books and trial bottles free at J. W. Gayle's.

HARTSTEIN

Will remove to his new quarters on St. Clair street, next door to R. K. McClure & Sons

In About Ten Days

or sooner if the working men will push the carpenter work, paper hanging and painting through in quick time; it all now depends on them, and until then I will reduce my stock.

These machines are guaranteed in every respect and to give satisfaction or returned, at my expense.

M. P. GRAY,

HARDWARE MERCHANT.

Announcement.

No apology is necessary on the score of medical propriety for thus announcing to the profession and the public, that we have made a long, careful and special study of cancerous diseases, together with all malignant and other tumors, and are able to offer the results of our extensive experience in Kentucky and surrounding countries in a system of rational and successful treatment, that we believe has never heretofore been attained, and we are able to point to thousands of successful cases—not in a boasting, but rather in a spirit of thankfulness, that we are thus able to prove so clearly our assertion; that our system does cure cancer. With a positive knowledge of this fact now so fully endorsed by thousands of sufferers, and approved by the profession, we should be wanting in humanity if we neglected any means in our power to spread the glad tidings among those afflicted with this most terrible and hopeless of diseases.

We have printed a pamphlet giving the symptoms, cause, varieties, &c., of cancers and tumors. Anyone feeling interesting can get a copy free by addressing.

DRS. CURRENT & SMITH,
17-tf. Paris, Ky.

W. J. Scottow keeps on hand a fresh supply of Aromalt. Don't fail to include a package in your next order for groceries. 28-6t.
