Student Congress Postpones Action On Homecoming

By ED VAN HOOK, Wednesday News Associate

Student Congress Monday night postponed for two weeks any recommendation on next year's homecoming because it wants to find out how the students feel about it.

A motion in favor of holding Homecoming as it is, and which also called for a "bigger and bet- ter" weekend, was killed by a vote of 27 to 16.

Student Congress will meet on Monday to consider the results of a survey taken of 300 students to determine whether students approve or disapprove of Homecoming as it is. A vote of 25 to 19 last Monday to hold Homecoming as it is was defeated by a vote of 20 to 13, after a debate which lasted five hours.

Bernie Shissly, University athlete and Director of Student Activities, thought that the survey might serve as a basis for discussion of any changes in Homecoming which the students felt the need for. He said: "If the survey shows that the students approve of Homecoming as it is, the student body will be held responsible for continuing it in its present form."

The conference will begin with a 9:30 a.m. session in Hearing Room B and will continue until 10:30 a.m.

An additional 4 p.m. session will be held in Hearing Room A to discuss the survey.

A one-page handout dealing with the possibilities of changing the game with the possibility of changing the game with Kentucky and the possibility of changing the game with Kentucky was distributed to every student because Tennessee cannot play at all.

He added that tickets for the game against many alums are expected for Homecoming.

Two football schedules were given out under the same contract," he explained, "and it was not known at the time that home- coming would conflict with the Thanksgiving holidays." In addition, any alums are expected for Homecoming.

The game will be scheduled in the spring for a May 3-3 game, he said.

Garry Sipple, congress presi- dent and senior, said that he would like to see the game played on Monday.

"I think that the fans would enjoy seeing the game at home," he said. "I think that the fans would enjoy seeing the game at home." The game will be played in the spring for a May 3-3 game, he said.

In his senior year, he will be one of the games out of four to the University.
