The greatest tragedy in the world is to die unprepared. Life is unsure in this world. There are so many things that can happen to us today. The Bible says, "Prepare to meet thy God." Are you prepared to meet God? If you are not sure of yourself then you need to study God's word and talk to the Lord for awhile. Just now as you read this won't you take Jesus as your Saviour.

Sunday, April 1, is the opening date of the Hemphill Baptist Mission in the Hemphill Grade School. All you good people in that neighborhood come to Sunday School at 2:00 p.m. (EST). We will have our staff of workers there to greet you with a warm and friendly welcome. We are looking for you to be present.

We will study God's word have a good time in the Lord. If you come once you will come again. Make plans to bring the whole family and join our fellowship. You will receive a blessing from attending I am sure.

The McRoberts Baptist Church is having their Spring Revival April 16-25. Services will begin each evening at 7:30 p.m. (EST). There will be special music and testimonies from God's people. Bro. Clel B. Rodgers of Whitesburg, Ky., will do the preaching. Bro. Rodgers is a native of Shelby County and has been a pastor in Kentucky for many years. Bro. Rodgers comes to us from a rich background. He has done a marvelous work since he has been at Whitesburg. We are fortunate to have him in our Church.

Are you going to try to support this cause for Christ. We invite you to attend the largest Baptist Church in McRoberts. You can't afford to miss a service because each night will be a special night. We hope to see you during our meeting.

As this goes to Press I am in Mississippi in a School of Missions. Pray for our work as it continues to grow.

### Cornerstone to be Laid for Applied Arts Building at U of C

Plans for laying the cornerstone of a new \$1,200,000 Applied Arts building at the University of Cincinnati are being mapped today by top university officials. Ground was broken for the new unit Tuesday, March 27. The new building, of contemporary design, will have a brick and glass exterior, with a 5-story east-west wing and a 3-story north-south wing. It was designed by James E. Allan, an Applied Arts graduate of the university. The cornerstone for the new college will be laid during the school's April 19-25 50th anniversary celebration of co-operative education. The observance will be highlighted by interesting exhibits from more than 70 large corporations, arranged in a "Panorama of Progress."
