The New Valiant

BEST ALL-AROUND COMPACT ANYBODY HAS COME UP WITH YET!

You'd think that an amazing 5-year or 50,000-mile warranty on a new compact car would be enough to offer a value-minded buyer. But it's not enough for Chrysler Corporation. In this new—completely restyled—'63 Valiant you'll get more **scat** than any other compact at its price (101 standard horsepower). You'll get the kind of cornering you'd expect only on sports cars (torsion-bar suspension on the front wheels). And you'll still get years-ahead features that Valiant introduced—(like an alternator instead of the usual generator). That's Valiant... a car that will go!

* Your Authorized Plymouth-Valiant Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair for 5 years or 50,000 miles, whichever comes first, on the engine block, head and internal parts; transmission case and internal parts (excluding manual clutch); torque converter, drive shaft, universal joints (excluding dust covers), rear axle and differential, and rear wheel bearings, provided the vehicle has been serviced at reasonable intervals according to the Plymouth-Valiant Certified Car Care schedules.
