I had 14 in my class. Ben Deal came, I
used the lesson to magnify a good man

"Barnabas was a good man" - I
couldn't follow the Pastor, very well. He
was preaching on the dwelling place of
God. I dwell in the Kingdom, both place &
also in the bond of the Covenant closely - He
had some great things. He was too long
and in his account - worries the
young people - I was mightily dis-
tressed this A.M. over the cleavage going
on in our young people - what is to be

come of Helen & Elizabeth - Eliza &
Maurice & or, or. The day has come
and they are left out - when now - It
is not a time for throwing stones,
or taking out brains - or removing
And yet mothers are doing it. The
community is not free of great
sins!! I ventured a word with Mrs
B. But could only say a little. Yet
there was the absence - vacant places -
of those I have tried to save for 15 years -
now fast in the bloom of blushing woman-
hood - Oh it made my head ache! What
now. Gone this A.M. when, when? - How do
you get them -
