

THE 1951 KENTUCKIAN is for you—the students. The University can only be a mirror, a reflection of the students as individuals and as a group. You give UK life, for in it you achieve scholarship, leadership, and friendship. Around you center the activities of the school, and from your efforts the year 1950-1951 has been made at the University. This is your book — written for you and about you. We, the editors, dedicate the 1951 Kentuckian to you, the students, who are the University of Kentucky.
