## NOTICE

Pikeville, Ky. June 7

We the undersigned members of the Pike County Bar make this statement with reference to the Administration of Hon. Roscoe Vanover, Judge of the 35th Judicial District of Kentucky.

At the time Judge Vanover was elected the docket of the Pike Circuit Court was congested with a great number of cases and it was almost impossible to get a trial. Judge Vanover went to work and tried these cases. He has tried and disposed of about 3,000 cases during his short tenure in office and has done more work in this short time than any Circuit Judge in the State of Kentucky.

Judge Vanover is an able, honest and sincere Judge. No one can question his sincerity or honesty of purpose. He has been true and faithful to the trust reposed in him as your Judge.

We make this statement because we feel that the people of Pike and Letcher counties are entitled to know the facts with reference to what Judge Vanover has accomplished as Judge of the Pike Circuit Court.

U. S. Consul Protests Against Greek Army Impressments.

Americans Taken Foreibly From Homes and Off Ships and Compelled to Join the Colors.

Smyrna, Asia Minor, June 18.—George Horton, United States consul-general here, has made a vigorous protest to Governor General Steriades against the impressment of United States citizens into the Greek army. Mr. Horton has appealed to Washington to make a peremptory demand upon the Greek government to discontinue this breach of the agreement existing between the two countries.

For many months Americans, even men who served in the army in France, have been taken forcibly from their homes or from vessels arriving from the United States and compelled to join the Greek forces. There have been scores of such cases in Athens, Smyrna, Patras and Saloniki, and only these able to escape and get into communication with American consular officials have obtained redress. In many instances they have been stripped of their clothing and their passports and other papers have been confiscated. When they have been handed over, they have been handcuffed, thrown into jail and mistreated.

Consul-General Horton declares such action by the Greek authorities is in flagrant violation of existing agreements between the United States and Greece, granting military exemption to persons naturalized as American citizens prior to Feb. 1, 1914, and to those who, although naturalized since that time, have served with the American army or navy.

One case is cited as typical of many. Private James Ratford of New York city, who was cited for liability in the Argentine campaign and who has been receiving a disability allowance of \$50 a month from the United States government, was recently arrested by Greek authorities at Smyrna. He came to Greece as an American citizen, to be married, but was brought to Smyrna under guard.

## BRITISH MAKE RAIDS IN ERIN

Five Thousand Troops Round Up Men Who Are Wanted for Murders.

## ALL TELEPHONE WIRES CUT

Operations Which Have Been in Progress a Week Have Resulted in Hundreds of Prisoners, Sinn Feiners Active in London.

Belfast, June 18.—It is reported here that a big sweep of 5,000 troops has taken place.

It has been known for some time that the military authorities have contemplated strong measures in South Monaghan and Cavan, where there have been numerous murders.

Police and military headquarters, however, profess ignorance. Independent confirmation can not be obtained in Belfast as Monaghan is completely isolated, the telephones having been dismantled apparently by the authorities to prevent news of the operations from becoming public until they were completed. It is believed that a blockade system is about to be established in the affected area, with headquarters at Dundalk.

**Sweeping Roundup Made.**  
Dublin, June 18.—The government forces have been making a sweeping roundup of certain areas in the last few days, with the apparent idea of making large captures and sending them for men who are "wanted."

The operations have been in progress in Monaghan county all this week. Hundreds of arrests were made.

Five cavalry regiments invested Corrickcross, Monaghan, and commandeered several private houses. They made several arrests including a dispatch carrier of the Irish republican army. Similar raids occurred at Wexford and Athlone.

## Cut Wires, Burn Rail Signals.

London, June 18.—A campaign of widespread cutting of railway and signal wires and burning of signal cabins around London, attended by violence against signal men, was carried out during the night by men who the police declared were "Sinn Feiners and members of the Irish Self-Determination league."

Nine men were arrested. The official police statement says: "All the men arrested gave local addresses. They are young Irishmen between 17 and 22. It has been known for some time that the heads of the Irish Self-Determination league in London have been in correspondence with the so-called Irish republican army which has been directing the murders and outrages in Ireland."

## Asks Home Rule Amendment.

Strong pleas for the amendment of the Irish home-rule act came unexpectedly from the house of lords, the feature of the debate being the first speech made by Lord Buxton since he returned from South Africa, where he had served as governor general. Unofficially, Lord Buxton disclosed that he, with other peers, had explored the ground with a view to negotiations for a settlement of the Irish difficulty, but he said they had arrived at the conclusion that the only practical initiative must come from the government itself.

## SHRINERS END BIG CONCLAVE

Forty-Seventh Session Adjourns After Banquet for Now Imperial Potentate.

Des Moines, Iowa, June 18.—The forty seventh annual convolve of the Ancient Arabic order, Nobles of the Mystic Shrine, opened following a banquet given in honor of Ernest T. Curtis of Savannah, Ga., the new imperial potentate. It is estimated that more than 30,000 Shriners were here during the three-day convolve. The imperial council unanimously adopted a resolution "viewing with deep concern the continued persecution of Christians of the near east," and protesting "to our government against these continued outrages, and requests our president and congress to make representations to the allied governments that armed forces shall be maintained in the near east for the protection of the rights of these persecuted races."

## Jack Johnson Out July 7.

Leavenworth, Kan., June 18.—Jack Johnson, former heavyweight pugilist champion, serving a sentence in the federal prison for alleged violation of the Mann act, and who will be released July 7, has been offered \$50,000 to meet Harry Mills at Jersey City, N. J., August 9, it was declared here. Johnson's first public appearance after his release from prison will be at an athletic show in Leavenworth.

## Canoe Upsets, Two Drown at Beloit.

## VOTE ON PACKER BILL DELAYED

Morris Substitute Is Defeated in the Senate by Only Three Votes.

## KENYON CHALLENGES HARDING

Iowa Senator, Republican Leader, Says President's Edict of "Less Government in Business" Does Not Fit Packing Industry.

Washington, June 18.—Substitution of the Morris bill, proposing drastic federal regulation of the meat packing industry, for the more liberal control measure passed by the house, was defeated in the senate by a margin of three votes. The vote was 24 to 37.

Leaders had expected the final vote on the house bill to come immediately afterward, but it was delayed by the introduction of another substitute by Senator Sterling of South Dakota. The substitute is virtually the same as the rejected Morris bill, except that it delegates its administration to the federal trade commission instead of to a live stock commission as was proposed in the latter. The house bill intrusts this power to the secretary of agriculture.

Immediate consideration of the Sterling measure was blocked by several senators, who demanded more time for its examination. To allow them this opportunity the leaders agreed to defer final action on the legislation.

## Harding's Edict Challenged.

President Harding's edict of "less government in business" was challenged on the floor of the senate by Senator Kenyon of Iowa, leader of his own party, in a speech in behalf of the Morris bill.

The senator declared the legislation which proposes the regulation of the packing industry by a federal live stock commission was necessary, despite the administration's injunction against meddling with private business, for the protection of both the producer and consumer, who, he said, are at the mercy of the "big five."

Naming the "big five" as Swift, Armour, Morris, Cudahy and Wilson, Senator Kenyon declared these concerns had obtained such a dominant position that they controlled the market at will and held the fortunes of their smaller competitors in their hands.

This domination, he asserted, was not confined to the meat business, but extended to by-product industries and even unrelated lines.

Charges that the packers were maintaining a great lobby against the pending legislation were made by the senator.

"It is infesting this building and it is at the doors even at this moment, calling senators out of the chamber," he said.

The senator declared that administration leaders who contended the last election as a mandate against further regulation of big business were laboring under a delusion.

## Must Destroy Monopoly.

"Why are they blind enough," he asked, "to believe that the American people are going to submit to five men controlling the market place of the American stock raiser, and the prices the consumer pays for his food? This is not a question of government interference with legitimate business. It is a question of government efforts to break up a monopoly. You are not destroying property when you destroy monopoly. This bill may be defeated, but if it is there will be a congress here in time that will pass one even more drastic."

Activities of the federal trade commission were defended by the Iowa senator. The cry for its abolition, he said, arose because it had "tried to turn the light of publicity upon a few of the great monopolies of the nation."

"Just a few days ago," he declared, "this commission filed a report on the lumber industry that has aroused the ire of the gentlemen engaged in cornering the prices of lumber to the American people."

The report mentioned was that on the Douglas fir industry. Referring to it further, the senator continued:

"And these gentlemen who, by virtue of their powerful connections, have managed to get the price of fir from 300 to 400 per cent, soon will be infesting the capital with their lobbies, demanding a high protective tariff on lumber that they can continue their nefarious practice of milking the people."

"Business that makes from 200 to 500 per cent profit ought to be disturbed where it is done through creating a monopoly, and there are some persons in this country who are not going to be a bit frightened by the cry of 'keep your hands off business,' and 'keep away from government regulation.'"

## 3,000 Emigrants Stranded.

Antwerp, June 18.—The new American immigration laws are causing congestion at the port of Antwerp, especially as regards Poles, a number of whom are being left behind by each steamer and are unable to find a shelter. The steamer Kreszentland, which sailed June 12 and was due to take 800 emigrants, carried only 220. There are now more than 3,000 emigrants here virtually stranded.

## FROM REMOTEST PARTS OF GLOBE

Tanlac Elements Come From Many Lands Far Away From Here

The ingredients from which the celebrated medicine Tanlac is made come from remote sections of the earth and are transported thousands of miles over land and sea to the great Tanlac Laboratories at Layton, Ohio and Walkerville, Canada

The Alps, Appenines, Pyrenees, Russian Asia, West Indies, Rocky Mountains, Asia Minor, Persia, India, Mexico, Columbia and Peru are among the faraway points from which the principal properties of this remarkable preparation are obtained.

What is said to be the largest pharmaceutical laboratory in the United States has been completed at Dayton, O., for the manufac-

ture of Tanlac, which according to recent reports is now having the largest sale of any medicine of its kind in the world, over 20,000,000 bottles having been sold in six years.

The new plant occupies 60,000 square feet of floor space and has a daily capacity of 50,000 bottles. Uniform quality is guaranteed by a series of careful inspections by expert chemists from the time the roots, herbs, bark and flowers are received until their medicinal properties have been extracted by the most approved processes. The finished medicine is then bottled labeled and shipped out to tens of thousands of druggists throughout the United States and Canada to supply a demand never before equalled by this or any other medicine.
