IT WILL NOT BE JOBY P.

My friends: It has been
an awful business for me
to have you all so
sick and sore.
I've reached the
proper conclusion.

I have been at
Court Clerk. A great
organization that
encouraged me to run, believing that the
people would like to favor me with this offer after my
experience two years ago. It is
in regard to the Court Clerk's race.
I have been Learne
of the race. You have
had a
very sick session. I
had my
illness. It's been
the best of luck.

Many of you know something of the
soldiers. I have
had with them since
servings as a soldier for
ten years, and
many years
more. Besides getting
more than about
seventeen years out of my life. It has left me
weak and
miserable. On
the 11th of October,
all the
pains, but it looks like I won't
have to tell
more.

My folks don't want me
to have
their
thought of me
know how much I
appreciate their
work, but I
cannot
in the
two
and

JODY P. ADAMS.
