Went to New Prospect this A.M. Had a good
and one of our largest crowds to Ch - I
think this was 47-9 or 50 present; Mrs
Alice Hawkins & Anne May were not there -
Mrs Horace Kistler also - Old Mrs L. & Mrs & Mrs
Sue Liddle also - There with the Tali people
who never come - would have given us
all the County Ladies - I used to 37-25
Bro Scarborough, for the first time that I ever
remembered, said "You gave them a mighty
good talk". Mr. Jeff Boye, Mr & Mrs Nixon
or Mr Moreland Nixon & little girls and
Mr & Mrs Daniel from Meridian were all
present. This present made ^{up for} the ab-
sence of some. Miss Dulleap came in 5
o'clock - Tom D. came to get my watch
to take over to Montgomery tomorrow
to have the old Swiss watchmaker work
on it some. It doesn't run regular,
went out a little while after dinner.

I am feeling comfortable to night. Rest
and sleep after well life.

The day has been fine after the early
A.M. clouds.

Working on the friend of the Bruised Reed,
Preparing a sermon for myself. I am the
Bruised Reed - Bruised in will - in intellect
Sensibility - mutilated - torn - mashed down
I'll fight - I'll fight - I'll lead - I'll prompt -
Yes, Bruised!! What a friend!!
Come in friend - come in and stay -
I commit my whole case to thee. Do
for me as shall seem best!!!
When ever I have left all to thee - all has
been well!!

Harry got here a new car to day,
Traded his old one in for it -
A Ford, long long day to day,
I waked early at 2 A.M. then again
at 5, got up a little before six -
wrote to Dr Adams as to the Georg.
town firm - wrote to Jas. Davidson
to send my watch over to the
old Swiss watchmaker in Mont-
gomery by Tom D. -
Trust Annie Kerr is with us tonight
Miss Dulleap is helping me -
Mrs Smith took my old suit to day.
