LEXINGTON, KENTUCKY

AMERICA'S KEY
TO FAMILY SECURITY

Founded in 1902, Kentucky Central Life Insurance Company is now celebrating its 65th year of service to the American public. As Kentucky's oldest life insurance company, we have grown from a small domestic firm to an organization providing more than one billion dollars of life insurance protection to individuals and families throughout the United States. During this span of nearly two-thirds of a century, sweeping scientific and technological changes have occurred on the American scene. And though we have always been progressive-minded and kept pace with the changing insurance needs of the American public, we have stubbornly clung to the high standards of service established by our founders.
