The fifth installment of the "Early History of Athletics," by Prof. A. M. Miller, does not appear in this issue, due to the lack of space on account of the Directory. This installment will appear in the next issue.

The Alumnus is pleased to announce the formation of two Alumni Clubs—The Oklahoma Club, with headquarters at Tulsa, Okla., and The Eastern Kentucky Club, with headquarters at Ashland, Ky. Also, others are in process of organization.

The Alumnus has been sent to all Alumni for the past year, whether they paid their dues or not, to show them that we are making a determined effort to succeed—to help the Association and the University. It goes without saying that this was done at a considerable sacrifice. All must appreciate this. It was done to interest you—to put aglow that little spark of loyalty, love and devotion for the University that still smoulders and lingers, and we feel that it has brightened the spark in the memories of many for they have told us so.

Beginning with the new year—the next issue—The Alumnus will be sent to only those who subscribe or pay dues to the Association.
