# The Next Great Physician

An equal opportunity university

The future of medicine begins today at the University of Kentucky. Physicians of tomorrow learn alongside 81 UK specialists listed among the best doctors in

America, and assist researchers on medical breakthroughs that will save lives. UK boasts top-20 rankings in surgery, anatomy, cancer care, pharmacy, clinical laboratory science and rural health. And as UK approaches its goal of becoming a top-20 public institution overall, more graduates will take on important roles. Whether they're in board rooms. Or operating rooms.
