

Copied into the Statesman - I
tried to get a Barber but they
were all gone - Purnell said
he would save me one -

Julia Winter came up this morn-
ing. Ma slept right well &
has a pretty good appetite -
there is no news - here - I was
in hopes our Phillips would
have come up while you were
away - the days seem as if
they will never pass - in such
a terrible state of suspense
and sorrow - last night I laid
awake, and imagined every
thing on earth - Ma seemed
disappointed this morning
at not hearing from Lallie
