October 12, 1973 No. 21

DIRECTOR'S OFFICE: A realignment of duties and responsibilities has been decided; to become effective October 15, 1973. This new arrangement is to remain in effect at least until a permanent Director is appointed. Mr. Gardner will take the title of Associate Director for Planning and Development. Ms. Hudson will take the title of Special Assistant to the Associate Director for Planning and Development. Ms. Brown will take the title of Associate Director for Operations. Mr. Marcum will take the title of Assistant Director for Administration. Bill Gardner will take on the task of SOLINET and its related planning and implementation requirements; union list of serials; acquisitions lists; stepped-up activities dealing with the new building, renovation and the move; and a myriad of other items facing the library system and requiring considerable planning before implementation actually begins. Deanna Hudson will leave the Acquisitions Department to assist Bill with these projects. Ruth Brown will take on the responsibility of ALL operating units of the library system with the exception of Special Collections, Law and Administration. A translation of this says that with the exception of the three departments mentioned, every other department and branch library will report to Ruth on the day-to-day operational details. Tom Marcum will take on the task of a Management Review and Analysis Program (MRAP) in addition to the other duties he has had. The MRAP may or may not be a full blown project. Further details about timing, degree of completeness, involvement of library staff and just what MRAP means will be made available as soon as they are known. The following diagram is a very rough picture of our organization chart incorporating these recent changes:

PERSONNEL CHANGES: Terminations: Deborah Marshall, classified, Interlibrary Loan; Lisa Bullock, classified, Cataloging; Laura Dickinson, classified, Circulation.

POSITION OPENINGS: Circulation, classified VI, open now; Reference, classified VII, open now.
