Dear Fred:-

I am sorry I didn't get to see you before you left - I had to find you Friday morning - Anyway you know you have my congratulations that are sent - Alice had promised the Hudsons to help them with a party Thursday night so I couldn't get down here.

Wish you could have seen Bob Friday - He was hot & it was a great game - Sat with Lloyd part of the time - On Saturday I sat with a kid by the name of Wallefield - Eleven major league clubs are after him and the ante is now \$50,000 for him to sign - Is a catcher & outfielder who apparently can really handle a ball - Lives in Indiana but was at Michigan U. this year - Detroit has the inside track because his mother who is a widow thinks that the chief scout from Detroit is going to marry her - The other teams seem to have no answer to that one -

I still don't think we have enough pitching to last - Bob makes the rest of them look terrible, Bill Terry says that Milner should win every game & I don't see how he can ever win one - You
